Almond Oil

WHAT IT IS?

Almond Oil: Almond oil is like a magic potion for your skin & hair. It's full of good stuff like vitamins and healthy fats that your body loves. When you put it on your skin, it's like giving it a big drink of water without making it feel all oily. **And for your hair**, it's like giving your scalp a gentle hug, helping your hair grow strong and shiny. Plus, if your skin is feeling irritated, Almond oil can help calm it down & make it happy again.

ALMOND OIL: FROM NUT TO OIL

Almond oil is crafted through a straight forward process, carefully harvested & cleaned. Then undergo cold pressing, where the oil is extracted from the nuts. Cold-pressing is preferred as it retains more nutrients & maintains the oil's quality. After extraction, the oil is filtered to remove any impurities, resulting in pure almond oil ready for use.
