Kashmiri Honey

WHAT IT IS?

Kashmiri Honey: Honey is a natural sweet substance produced by honey bees from the nectar of flowers. It's a viscous liquid with a golden-yellow color, though it can vary based on the flowers the bees visit. Honey is not only a delightful addition to culinary creations, adding depth & sweetness to dishes, but it also offers numerous health benefits.

100% NATURAL INGREDIENTS

Enjoy Honey infused with Bee pollen—a natural powerhouse bursting with goodness. Bee pollen, rich in vitamins, minerals, enzymes and amino acids, adds extra nutrition. It's packed with antioxidants & has antibacterial properties, making it a healthy choice. The Honey & bee pollen provides a complete source of nourishment, making it a tasty & beneficial addition to your diet.
